

GOVERNMENT OF TELANGANA · WD&CW JANGAON

Sisu Mahila Samridhi

Sector Supervisor Training Module

Audience: 27-sector supervisors (20 officers, incl. dual-charge)

Duration: Half day (3 hours) incl. console practice

Method: trainer demonstration on a phone + hands-on practice by every participant

Materials: Android phone with Chrome, printed QR poster, this module

Objectives — by the end, every participant can:

- Install the app and mark their own attendance from any centre of their charge
- Sign into the monitoring console scoped to their sector(s)
- Verify daily attendance and follow up on not-marked centres
- Verify daily centre reports: counts, all four photos, stock register
- Review flagged marks and use monthly registers / CSV exports

Part 1 — Your own attendance (mobile app)

Lesson 1: Install the app (once per phone)

Official install QR

WHAT YOU SEE (OUTPUT)

- The official QR poster at your centre / sector office.

WHAT YOU ENTER (INPUT)

- Nothing — point the phone **camera** at the QR and tap the link that appears (choose Chrome if asked).

BUTTONS & OPTIONS

- A green ↓ **Install this app** button appears on the page — tap it, then tap **Install**.
- Older phones: Chrome menu : → **Add to Home screen**.
- The **Samridhi** icon appears on the home screen — always open the app from this icon.

💡 Install needs internet only this once. Daily marking works even with no network.

⚠️ Install **ONLY** by scanning the official poster — never from a forwarded link.

Lesson 2: Login (your own phone)

The screenshot shows the login interface of the Sisu Mahila Samridhi app. At the top, there is a header with the Government of Telangana logo and the text 'GOVERNMENT OF TELANGANA · WD&CW JANGAON' and 'Sisu Mahila Samridhi'. Below this is a 'Login' section with a 'MOBILE NUMBER' label and a text input field containing '10-digit mobile number'. A purple 'LOGIN' button is positioned below the input field. A pink callout box provides instructions for helpers (AWH) without their own phones, mentioning the 'Switch user' and 'Add another user' options. At the bottom, there is a link for users who have forgotten their PIN, directing them to call the district office for a reset.

App login

WHAT YOU SEE (OUTPUT)

- The login screen; your number is registered as Supervisor.

WHAT YOU ENTER (INPUT)

- Your 10-digit number; set your own 4-digit PIN on first login.

BUTTONS & OPTIONS

- **LOGIN**. Supervisors may use several devices (phone + office PC) freely.

Lesson 3: Marking on inspection

IN saved

WHAT YOU SEE (OUTPUT)

- The same IN/OUT flow as field staff, with photo and GPS.

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Your mark is location-valid from **any Anganwadi centre in your sector(s)** — inspection visits count as present.
- Dual-charge supervisors: every centre of every held sector is valid.

💡 You are counted in the district's expected attendance — mark daily.

Part 2 — The monitoring console (on PC or phone browser)

Lesson 4: Console sign-in

Console login

WHAT YOU SEE (OUTPUT)

- The console sign-in page (same number + PIN as the app).

WHAT YOU ENTER (INPUT)

- Number and PIN.

BUTTONS & OPTIONS

- After sign-in you see **only your own sector(s)** — other sectors are not visible.

Lesson 5: Dashboard — today at a glance

Dashboard (demo data)

WHAT YOU SEE (OUTPUT)

- Freshness banner (how old the data is).
- Cards: present, not marked, on leave, marked out, flagged.
- Charts: in-time, marking trend, geofence verification, status.
- The staff table with search and status filter.

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Search a name/AWC; filter Not-marked and **call those centres before noon.**
- **Export CSV** for records; the screen refreshes itself every 30 seconds.

Lesson 6: Daily Reports — your main verification duty

Daily Reports tab

WHAT YOU SEE (OUTPUT)

- One row per centre that submitted today: counts, stock closings, flags.
- Buttons open all four photos: children / pregnant / others / meal.

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Open photos and check they match the counts (e.g., 12 children claimed — count heads in the photo).
- Hover a stock number for opening/used/received; question impossible jumps.
- **Export not-reported CSV** → call those Teachers.
- NO_PHOTO_* flags mean the camera failed — verify on your next visit.

💡 Verify daily after 2 pm: reports arrive with lunch service.

Lesson 7: Flagged marks

Flagged tab

WHAT YOU SEE (OUTPUT)

- Marks needing a look: outside geofence, GPS unverified, possible fake GPS — with plain-language remarks.
- The red badge counts NEW items since you last opened the tab.

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Attendance is auto-approved — flags are for follow-up, not blocking.
- View the photo; repeated fake-GPS suspects go to the district office.

Lesson 8: Monthly register and reports

Monthly grid

WHAT YOU SEE (OUTPUT)

- Day-by-day grid per worker for your sector; colours for on-time/late/absent/leave.

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Pick month → **Load**; **Export CSV** for the paper register.
- The **Reports** tab builds month summaries with working-day counts.

Lesson 9: Leaves

Leaves tab

WHAT YOU SEE (OUTPUT)

- Leave applications from your sector's workers (auto-approved by policy).

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Rejecting one returns those days to "not marked" — use only for wrong claims.

Practice checklist — tick each item per participant

- ☐ Installed app, logged in, marked own attendance at a centre
- ☐ Signed into the console and saw only own sector(s)
- ☐ Identified today's not-marked centres and knows the follow-up drill
- ☐ Opened a daily report's four photos and cross-checked a count
- ☐ Read a stock row (opening/used/received/closing) and spotted an error

- ☐ Reviewed a flagged mark and its photo
- ☐ Exported a monthly CSV

Where to get help

Problem on the phone? Note the **BUILD number** (bottom of any screen), take a screenshot, and **connect with the EDM (e-District Manager) at the district office** through your supervisor.
