

GOVERNMENT OF TELANGANA · WD&CW JANGAON

Sisu Mahila Samridhi

Sector Supervisor Training Module

Audience: 27-sector supervisors (20 officers, incl. dual-charge)

Duration: 2 hours incl. hands-on

Method: trainer demonstration on a phone + hands-on practice by every participant

Materials: Android phone with Chrome, printed QR poster, this module

Objectives — by the end, every participant can:

- Install the app and mark their own attendance from any centre of their charge
- Open the My Sector view: people-status counts for their sector(s)
- Flag an issue about any worker to the district office
- Read the data-freshness line and follow up on not-marked centres

Everything a supervisor does is in the MOBILE APP

Supervisors do not use the monitoring console — the phone app carries your whole duty: your own attendance, your sector's live status, and issue flagging.

Part 1 — Your own attendance

Lesson 1: Install the app (once per phone)

Official install QR

WHAT YOU SEE (OUTPUT)

- The official QR poster at your centre / sector office.

WHAT YOU ENTER (INPUT)

- Nothing — point the phone **camera** at the QR and tap the link that appears (choose Chrome if asked).

BUTTONS & OPTIONS

- A green **↓ Install this app** button appears on the page — tap it, then tap **Install**.
- Older phones: Chrome menu : → **Add to Home screen**.
- The **Samridhi** icon appears on the home screen — always open the app from this icon.

💡 Install needs internet only this once. Daily marking works even with no network.

⚠️ Install **ONLY** by scanning the official poster — never from a forwarded link.

Lesson 2: Login (your own phone)

GOVERNMENT OF TELANGANA · WD&CW JANGAON

Sisu Mahila Samridhi

Login

MOBILE NUMBER

10-digit mobile number

LOGIN

Helper (AWH) without her own phone? Mark your attendance on the Teacher's (AWT) phone: after the AWT logs in, open **Switch user** → **+ Add another user** and login with your own number and PIN.

Forgot PIN? Call the district office to reset it, then login again and set a new PIN.

App login

WHAT YOU SEE (OUTPUT)

- The login screen; your number is registered as Supervisor.

WHAT YOU ENTER (INPUT)

- Your 10-digit number; set your own 4-digit PIN on first login.

BUTTONS & OPTIONS

- **LOGIN.** Supervisors may use more than one device freely.

Lesson 3: Marking on inspection

IN attendance saved

Sending to server...

IN saved

WHAT YOU SEE (OUTPUT)

- The same IN/OUT flow as field staff, with photo and GPS.

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

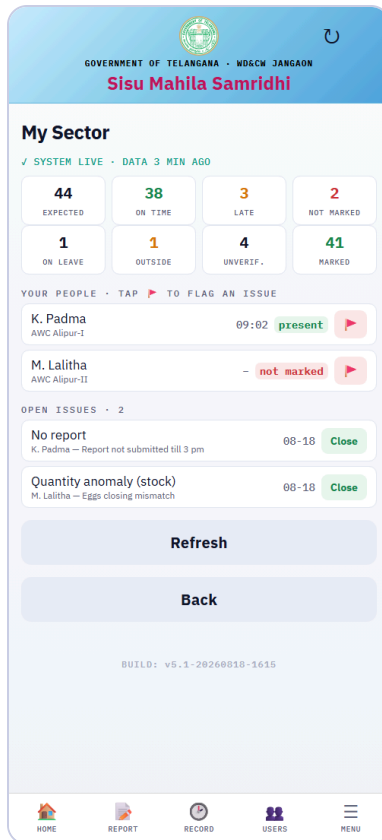

- Your mark is location-valid from **any Anganwadi centre in your sector(s)** — inspection visits count as present.
- Dual-charge supervisors: every centre of every held sector is valid.

You are counted in the district's expected attendance — mark daily.

Part 2 — My Sector: status counts and issue flagging

Lesson 4: Open My Sector

My Sector view

WHAT YOU SEE (OUTPUT)

- From Home, tap **My sector** (or  STATS in the bottom bar).
- The freshness line: ✓ SYSTEM LIVE and how old the data is (refreshes ~5 min).
- Count tiles for your people: expected, on time, late, not marked, on leave, outside-fence, GPS-unverified, marked.
- Every worker of your sector(s) with centre name, IN time and today's status.
- Below the list: **Open issues** — everything you flagged that is not yet resolved.

WHAT YOU ENTER (INPUT)

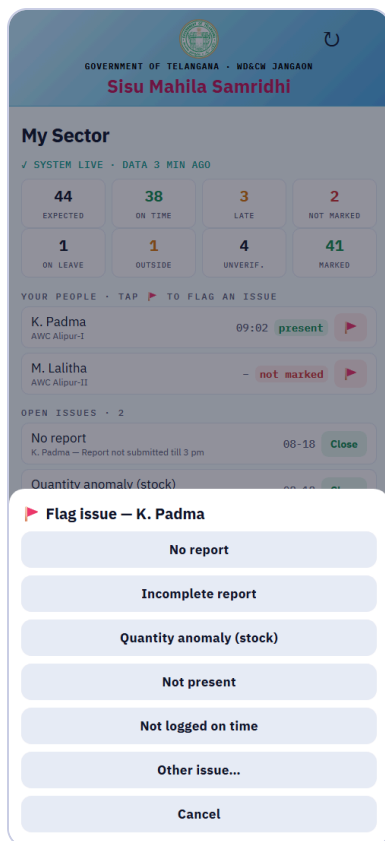

- Nothing to type on this screen.

BUTTONS & OPTIONS

- **Refresh** re-reads the latest data.
- Not-marked workers show red — **call those centres before noon.**

💡 Dual charge? The view merges all your sectors automatically.

Lesson 5: Flag an issue (🚩) — choose the category

Category sheet

WHAT YOU SEE (OUTPUT)

- Tapping 🚩 beside a worker opens the category sheet with six choices:
- **No report** — the centre did not submit today's report.
- **Incomplete report** — report submitted but counts/photos doubtful or missing.
- **Quantity anomaly (stock)** — stock figures do not match physical stock.
- **Not present** — worker absent at your visit though marked present.
- **Not logged on time** — habitual late marking.
- **Other issue...** — anything else (description required).

WHAT YOU ENTER (INPUT)

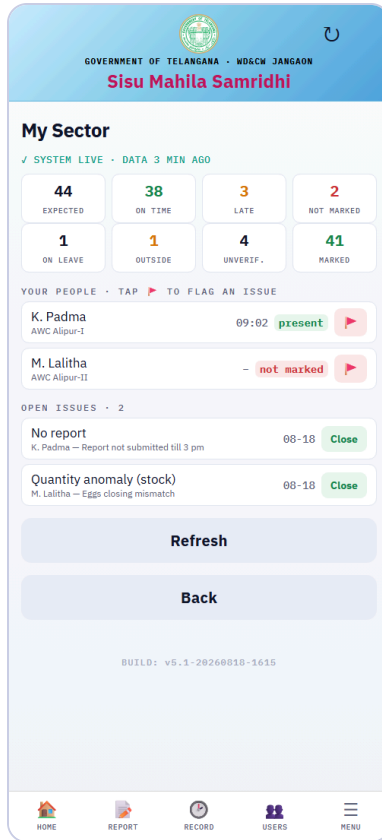

- Optional detail for the first five categories; a description is compulsory for Other.

BUTTONS & OPTIONS

- Tap the category → type the detail → done. The issue is recorded with your name, the worker, sector, category and time, and is visible to the district office.

💡 Flagging needs internet; on poor network try again when signal returns.

Lesson 6: Close an issue once resolved

Open issues with Close buttons

WHAT YOU SEE (OUTPUT)

- Open issues stay listed in My Sector until YOU close them.
- Each row shows the category, the worker, your detail and the date.

WHAT YOU ENTER (INPUT)

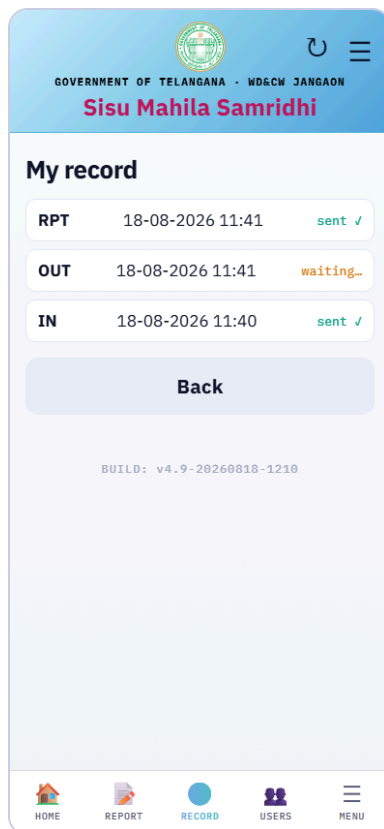

- Tap **Close** → type the **resolution remark (compulsory)** — e.g. 'visited centre, report submitted in my presence'.

BUTTONS & OPTIONS

- The issue is marked CLOSED with your remark, name and time — the full history stays permanently in the district's issue register.

💡 Close only after the problem is actually resolved — the remark is your official record.

Lesson 7: My record (your own history)

My record with sent ✓

WHAT YOU SEE (OUTPUT)

- Each day's IN/OUT with time.
- **sent** ✓ = safely on the server; **waiting...** = still on the phone (needs network).

WHAT YOU ENTER (INPUT)

- Nothing to type on this screen.

BUTTONS & OPTIONS

- Open from the bottom bar: ⌚ **RECORD**.
- **Sync now** on Home forces sending when on network.

Practice checklist — tick each item per participant

- ☐ Installed app and logged in with own PIN
- ☐ Marked own attendance at a centre of their charge
- ☐ Opened My Sector and read all eight count tiles
- ☐ Identified today's not-marked workers and knows the follow-up drill
- ☐ Flagged a practice issue with the right category
- ☐ Closed an issue with a resolution remark
- ☐ Knows the data-freshness line and the Refresh button

Where to get help

Problem on the phone? Note the **BUILD number** (bottom of any screen), take a screenshot, and **connect with the EDM (e-District Manager) at the district office** through your supervisor.
